DETAILED ACTION

Election/Restrictions

Applicant's election without traverse of the species of figure 1, claims 1-5, 9-15, 19 and 20 in the reply filed on 9/19/08 is acknowledged.

Claims 6-8 and 16-18 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected species of the invention, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on 9/19/08.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-4 are rejected under 35 U.S.C. 102(b) as being anticipated by Breed '080.

The patent to Breed '080 discloses in Figure 5 monitoring a component in step 40 and detecting an abnormality with a test signal in step 42 and generates a signal to guide the vehicle off the road way and prevent the vehicle from reentering the roadway until the component is fixed.

Claims 5 and 9-15 objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 19 and 20 are allowed.
